F

Fish: *Cycleptus elongatus*, cephalic and appendicular osteology of, 81.
Weberian apparatus of *Hybognathus placitus*, *H. nuchalis*, 41.
Fleming, Robert L., see Baker, Rollin H.
Flood, John E., see Horton, Jerome S., 23.
Gastropods, terrestrial, notes on, New Mexico, 51.
Gehlback, Frederick R., 270.
Geomys a. arenarius, notes on, western Texas, 78.
Goodpaster, Woodrow W., see Hoffmeister, Donald F.
Gould, Frank W. and Kapadia, Zarir J., 176.

H

Halloran, Arthur F., see Davis, W. Marvin.
Helix aspersa, new record, Colorado, 268.
Hoff, C. Clayton, 51.
Hoffmeister, Donald F., and Woodrow W. Goodpaster, 236.
Horton, Jerome S. and Jim E. Flood, 23.
Hybognathus placitus, and *H. nuchalis*, weberian apparatus of, 41.
Hylonycteris, notes on, Mexico, Central America, 64.

J

Johnston, Clifford, 191.
Johnston, Marshall C., 80.
Johnston, Marshall C. and Barton H. Warnock, 1, 154, 182.

K

Kapadia, Zarir J., see Gould, Frank W.
Kelting, Ralph W., see Buck, Paul.
Kerfoot, W. Charles, 78.
Keys, *Acalypha*, species of, far western Texas, 183.
Argythamnia, western Texas, 154.
Croton, lindheimerianus, varieties of, 14.
Croton pottsii, varieties of, 12.
Croton species, far western Texas, 2.
Phylladactylus, northeastern, South America, 224.
Stylosanthinae (Leguminosae) of Mexico, Central America, 31.
Knopf, Garry N., 75.

L

Lampropeltis doliata, aberrant form, New Mexico, 270.
Lasiurus, notes on, Mexico, Central America, 64.
Lasiurus b. borealis, notes on, western Texas, 77.
Leptoloma cognatum, in ungrazed prairie, northeastern Oklahoma, 163.
Lizards, *Phrynosoma douglassi ornatissimum*, unusually large specimen, Colorado, 78.

M

McCarley, Howard, 227.
McCoy, Clarence J., and V. Eugene Nelson, 268.
Mammals, *notiosorex crawfordi*, life history, 236.
Texas, western, notes on, 77.
Mexico, *Anthonomus*, spp, notes, records, new species, 202.
Bats, notes on, 64.
birds near La Pesca, Tamaulipas, list, notes on, 253.
Leguminosae, subtribe Stylosanthinae, notes on, keys, 29.
Savia arida, new record from Coahuila, 80.
weevils, new and little known species of, from, 202.
Micronycteris, notes on, Mexico, Central America, 64.
Mohlenbrock, Robert H., 29.
Moore, George A., see Niazi, Anwar D.
MORMOOPS MEGALOPHYLLA RUFESCENS, ssp. nov., 65.
Mormoops, notes on, Mexico, Central America, 64.
Myotis, notes on Mexico, Central America, 64.

N

Natalus, notes on, Mexico, Central America, 64.
Nelson, V. Eugene, see McCoy, Clarence J.
New Mexico: Gastropoda, terrestrial, records of, 51.
from, 270.
Anthonomus bifidus (animal: Curculionidae), 206.
Anthonomus singularis (animal: Curculionate), 208.
Bouteloua warnockii, (Plant: Gramineae), 176.
Mormoops megalophylla rufescens, (Animal: Molossidae), 65.
Phyllodactylus underwoodi (animal: Gelckonidae), 218.
Niazi, Anwar D., and George A. Moore, 41.
Notiosorex crawfordi, life history, 236.

O

Odonata, Pachydiplax longipennis, territoriality breeding, 191.

Oklahoma, notes on birds of Wichita Mountains Wildlife Refuge, 262.
Saprolegnia on tadpoles, 79.
Tall-Grass Prairie, survey of, northeast, 163.

P

Pachecoa, notes on, keys to species, Mexico and Central America, 29.
Pachydiplax longipennis, territoriality, breeding, 191.
Panicum virgatum, in ungrazed prairie, northeastern Oklahoma, 163.
Perognathus a. apache, notes on, western Texas, 78.
Peucetia viridans, egg sac construction, oviposition of, 198.
Phrynosoma douglassi ornatissimum, unusually large specimen from Colorado, 78.
Phyllodactylus julieni, notes on, 212.
Phyllodactylus martini, notes on, 216.
Phyllodactylus pulcher, notes on, 216.
Phyllodactylus rutleni, notes on, 217.
PHYLLODACTYLUS UNDERWOODI, sp. nov., 218.
Phyllodactylus ventralis, notes on, 220.
Phyllodactylus wirshingi, notes on, 222.
Phyllostomus, notes on, Mexico, Central America, 64.
Pipistrellus, notes on, Mexico, Central America, 64.
Plecotus, notes on, Mexico, Central America, 64.

Q

Quercus ajoensis, new record for, Colorado, 269.

R

Reptiles, *Lampropeltis doliata*, aberrant form, New Mexico, 270.
Review: *The Mites of Stored Food*, 273.

S

Saprolegnia, on tadpoles, Oklahoma, 79.
Savia arida, new record from Coahiula, Mexico, 80.
Spangle, Paul F., see Baker, James K.
Spiders, Green Lynx, egg sac construction, oviposition, 198.
Sorghastrum nutans, in ungrazed prairie, notheastern Oklahoma, 163.
South America, *Phyllodactylus*, sysmatics, zoogeography of seven species, northeastern, 211.
Strandtmann, R. W., 267, 273.
Stylosanthes, notes on, key to species, Mexico and Central America, 29.

T

Tamarix pentandra, in Arizona, 23.
Tamarix ramosissima, in Arizona, 23.
Territoriality, of *Pachydiplax longipennis*, 191.
Texas, *Acalypha*, four species, western, 182.
Argythamnia, in western, 154.
Croton, notes on far western species of, 1.
Geomys a. arenarius, notes on, 78.
Lasiurus b. borealis, notes on, 77.
Perognathus a. apache, notes on, western Texas, 78.
Tonatia, notes on, Mexico, Central America, 64.
Trachops, notes on, Mexico, Central America, 64.
Tucker, J. M., see Erdman, James.

W

Warnock, Barton H., see Johnston, Marshall C.
Weberian apparatus of *Hybognathus placitus*, *H. nachalis*, 41.
Weber, W. A., see Erdman, James.
Weevils, new and little known species from Mexico, 202.
Whitcomb, Willard H., 198.

Z

Zornia, notes on, keys to species, Mexico and Central America, 29.
